A word from the Reverend Ann

See, I am doing a new thing!

Now it springs up; do you not perceive it?

I am making a way in the wilderness

and streams in the wasteland. (Isaiah 43)

This passage from Isaiah one of my favourite passages from the Old Testament, and it is particularly pertinent to me as I begin my ministry with you all in Orebeck.

God is the God of possibilities, and he longs for our hearts to be opened to him. So, as I begin working with you all, let us keep our hearts and minds open as we explore where God may be leading us.

I will, of course, listen to what you are telling me, your hopes and aspirations for this benefice, finding what is already working and being thankful for it, but God may be doing new work in us too. We must be prepared to accept other points of view and not insist that our way is the only way, and we must always look for Christ in 'the other'.

Being stuck in our ways, doing things because we've always done them or hiding behind habit and custom is not necessarily a bad thing, tradition can bring comfort and solace to us and it can be beautiful and uplifting, but alongside this we need to find out if God is calling us to new things. Age should not be a barrier to discovering new and surprising things about ourselves and about God.

Whatever state of mind we are in, we must keep praying, studying scripture, listening to one another and searching for where God is at work and always keep an open mind.

Most of all, we must trust in God and trust that he can always make things new. We can have this trust because of the work he did in Jesus Christ. God raised Christ from the dead so that now there is always the possibility of new beginnings, always the possibility of new birth and hearts made new in any situation.

I know that I will be trusting in God in this new beginning, this new adventure that he is sending us on together. I hope you too will always trust in God and that you will allow him to work new beginnings in you. He might just surprise you!

Rev'd Ann

MARLESFORD BAKERS

Our ovens have had a lovely rest over the summer, but are keen to get going again. We shall be sending out our list of goodies at the start of September to supply you with a range of tempting cakes available on the 2nd Saturday in the month. As before we will be operating on an order and collect basis.

Nan and Carol

St Andrews Marlesford Churchyard Count on Nature

On a glorious Saturday morning at the beginning of June, St Andrews churchyard couldn't have looked more peaceful or more beautiful. Eighteen of us turned out to celebrate the special flora of the churchyard by carrying out

a Nature Count. The idea came from Caring for God's Acre, a national charity dedicated to looking after churchyards and other burial grounds, the aim being to record as much as possible about the flowers and wildlife in our sacred spaces around the Country.

Introducing the count, Richard Cooper explained that churchyards have been allowed to develop distinct floras as they are largely undisturbed apart from burials (in the case of Marlesford, the history probably goes back more than 1,000 years) and are generally left unfertilised – an important factor in encouraging a diverse range of wildflowers.

Marlesford

St Andrews Marlesford Churchyard Count on Nature continued ...

We were extremely lucky to be guided on our count by Susan Stone from Suffolk Wildlife Trust – without her, we would have struggled to identify some of the plants we found!

Commenting on the special nature of Marlesford's churchyard, Susan said that "Marlesford churchyard is a good example of a wildflower-rich grassland and the number of species found is testament to the careful conservation management that the parish undertakes."

Overall we counted 56 species of wildflowers, 13 species of grasses, 13 different types of trees and 19 birds recorded in a 15 minute spell.

The reward was a fantastic ploughman's lunch produced by Carol Cooke and enjoyed with a glass of beer in the sunshine.

The churchyard has a truly diverse fauna and flora, but you don't have to be an expert to enjoy it – when you next have time, do take a stroll over the cut paths to the north of the church and see what you can find. You will probably surprise yourself when you see how much life there is in a small patch of ground.

Richard Cooper

richardccooper@hotmail.co.uk

If you would like to see the list of species we found, please go to the village website: www.Marlesford.suffolk.cloud and go the church page and look under churchyard.

Katch Bus is Back!!

We all know the challenges facing those who want to use public transport in East Suffolk and the lack of available scheduled services can be a real problem, particularly for young people and older members of our rural communities. But help is at hand! East Suffolk Council recognised the need to continue Katch, the “on demand” transport service, originally launched in 2021 and the route is now up and running again with stops along the way between Framlingham and Snape via Wickham Market and Campsea Ashe (for Wickham Market station). The service runs from 7.30am to 6.30pm Monday to Friday, from 10am to 6.30pm on Saturdays, and from 10am to 6pm on bank holidays. Regular users will be able to benefit from a loyalty card, while young people will get a 25% discount by presenting an Endeavour Card (free from Suffolk County Council for 16 to 19-year-olds).

The Katch bus on the day of the booking app launch.

To book a seat on Katch, you can either visit www.katchalift.com or download the Flexiroute Passenger App (details on the “How it Works” page of the website) and this provides an easy way to book outside office hours.

Managed by Coastal Accessible Transport Service (CATS), there is a friendly voice on the end of the phone at CATS from Monday Friday 08.30 – 4.4.30pm, just dial 01728 635 939 if you prefer to book that way. Whichever way you book, all that is needed is to indicate the time of your journey, where you want to be picked up and where you are going.... and Katch will do the rest! And remember, you can book a journey on the day you want to travel, or up to two weeks’ ahead of your travel time.

Lynn Butler, manager at CATS is enthusiastic about the revitalised service and pointed out that by using the Connecting Communities transport services and linking with Katch, a wider range of destinations can be accessed. “The Katch service is quick, reliable and affordable” she said and added “we have some wonderful friendly drivers who are always willing to help their passengers.

“East Suffolk Council has committed to fund the service for a year, but it needs passenger numbers to make it viable over the longer term. People have been looking for an opportunity to revive Katch in East Suffolk – now it’s here, please support it. Help maintain the service by booking a ride on Katch!

Richard Cooper, Chair of Transport Task and Finish Group,

Framlingham, Wickham Market and Surrounding Villages Community Partnership

DR DAN POULTER MP

Member of Parliament for Central Suffolk and North Ipswich

I write these words as the month of July opens and I am able to look forward to Parliament's Summer Recess period. Once Summer gets underway, I very much enjoy spending much more time back home in Suffolk and discover afresh all that's great about Central Suffolk and North Ipswich. From the swathes of farmland and open skies to the local produce markets and the vibrant businesses in North Ipswich. Summer recess gives me the opportunity to spend all my time at home here in the constituency, something which I particularly value and relish.

The school holidays are also approaching for parents everywhere, this brings to mind the planning of holidays and activities. I am sure that with the arrival of the school summer holiday period comes a frantic last-minute attempt to draw up plans for childcare and days out, no mean feat when many households may have both parents working and therefore have to share the responsibility of covering childcare. Thank goodness for the goodwill of grandparents or other family members and friends.

We are fortunate here in Suffolk as we benefit from a wide array of free and low-cost activities. Suffolk has a splendid blend of coastline, encompassing the natural beauty of Thorpeness and Dunwich as well as busy piers at Southwold and Felixstowe. Suffolk also boasts some beautiful river walks, something I was recently reminded of when I opened a brand-new footbridge for the River Gipping Trust. There are lots of village fetes, special practical activities at our libraries, nature reserves and museums and park activities for all.

The People and Nature survey carried out by Natural England demonstrated the positive role of nature in supporting children's well-being, with eight in ten of children interviewed agreeing that being in nature made them very happy. Children who reported spending more time outside (and more time noticing nature and wildlife) were more likely to report that, 'being in nature makes me very happy' compared to those who had spent less time. We are incredibly spoilt here in Suffolk with a beautiful natural environment, all of it right here on our doorstep and just waiting to be discovered. Local parks and private gardens are important ways of accessing green and natural spaces and there are always ways to find something to appeal to all. There are things which bring to mind the simple pleasures of growing up and letting your imagination run wild, building dens, getting the paddling pool out, having picnics outdoors or creating homes for nature, all of which can be done from the back garden.

Activities such as these not only encourage great team-building and social skills which are vital things to develop as children grow, but they have the added benefit of creating wonderful new childhood memories.
